McCabe and Professor Katrina Wyatt**
University of Exeter Medical School

Mental health in GP/patient consultations

[The DeSTRESS Project](#) is an investigation into the pathologisation of stress in low-income communities. Preliminary findings will be presented: ways in which GPs diagnose and treat MH problems; ways in which they ask patients to self-refer to MH services; and general conversational styles adopted in interactions. The team would also welcome attendees' views and observations.

Date: 6 December (video link to F083 Truro)

Time: 13.00-14.00

Venue: Room JS07, Smeall Building, St Luke's Campus

Join us afterwards for our informal monthly APEX meeting: updates on progress in APEX and networking (refreshments will be served)

Email: j.l.Choules@exeter.ac.uk to book your place
