Visitors to the Research teams should use the Magdalen Road entrance to the campus.

There is a telephone located in the foyer, from which you can ring the internal office number for the person you are meeting. This door is open during normal office opening hours. For meetings outside of this time please make suitable arrangements for access to the building.

Parking at St Luke's is extremely limited and restricted to University of Exeter permit holders. Parking wardens patrol regularly. Visitors, without official permits, may use the small 'pay and display' car park located near the junction of Heavitree Road/College Road, at the front entrance to St Luke's Campus. The nearest public car park is at [The Triangle](#), off Heavitree Road. If possible, please consider alternative options when visiting.
